Mine Owners At Last Consent to Arbitrate Their Differences.

MIDNIGHT CONFERENCE

J. Pierpont Morgan Makes a Night Visit to President Roosevelt With Good Results.

The Operators Now Propose That the President Shall Name Mediating Commission.

The operators have agreed to & the appointment of a commission to be appointed by the . to whom shall be referred all questions at issue between the companies and their own employes, whether they belong to a union or not, and the decision of the commission shall be acarmy or navy engineer officer, @ connected with the coal mining . properties, one of the judges of the United States court of the . eastern district of Pennsylva- o ture. nia, a man of prominence, emi ⊕ onent as a sociologist, and a o man who by active participation in mining and selling coal . is familiar with the physical and commercial features of the business. The operators also make a part of their proposiment between the companies @ o and their own employes for at o least three years.

Washington, Oct. 14.—By authority State. Careful a tention given to color of J. Pierpent Morgan, who with his Office over the lirst National Bank, partner, Robert Bacon, and Secretary Root, were in conference with President Roosevelt at the temporary White House last night for an hour and a Schooley, who was taking a crowd of plish this result by incisions into the half, a statement was given out by newly recruited men to work at the flesh, and by removing enough bone ents of the coal carrying railroads and mine operators propose a commission of five persons to adjust the differences and settle the coal strike ections a special y. Lanal business in the anthracite coal fields of Pennsylvania. The proposition is believed by the administration to be satisfactory to the miners, as it covers the proposition made by President Mitchell of the United Mine Workers' union with additional conditions, which it is believed the miners will accept. The statement appears above.

prices are the lowst and our goods made at the White House after the opletin that the operators had agreed Secretary Cortelyou, the opinion was statement last night. expressed that the way is now open for a complete settlement of the strike and that the miners would soon be in operation once more.

The issuance of the statement followed a conference at the White House which assembled very quickly after Mr. Morgan and his partner, Robert Phone at oa n 12d; at residence 229 Bacon, had reached Washington on a flying trip from New York. Mr. Morgan and Mr. Bacon arrived in Washington about 10 o'clock in a special car over the Baltimore & Ohio railroad and drove at once to the Arlington hotel. They met Secretary Root and the three gentlemen walked over to the White House and were shown at once to the president's room. They remained with the president until 10 minutes of 12 o'clock, and then came downstairs. The three gentlemen on leaving the White House went to the Metropolitan club, where they remained in conversation until a late hour, while the president retired immediately to secure some needed rest.

The proposition of the coal operators was a result of a visit of Secretary Root to New York and his conference with Mr. Morgan on Saturday. Mr. Morgan at that time expressed a keen interest in the situation and a desire to bring about an adjustment if possible. Following this talk with Secretary Root there was a conference in New York yesterday at which the proposition of the coal operators was the belief that such would be the He was in El Paso for his health. courteous course and the best way of

The next step will be the presentation of the matter to the miners, and it is probable that President Mitchell will be invited to Washington to consult with the president. It is believed L. STONE, Gen. Pass. Agent, here that he will at once accept the proposition.

MINERS FIRM

Despite Presence of Troops Few Men

Are at Work. Wilkesbarre, Pa., Oct. 14.--What was looked upon as an important day in the matter of resumption of work in the coal mines passed without any Him; seekers excursion tickets w bo sold serious trouble, and each side to the ports received here from coal companies all over the region are to the effect that at least twelve collieries

Monday. President Litchell in a talk with the correspondents asserted that Monday. President Llitchell in a talk reports received by him from his Heutenants in the field showed fewer men

are at work than last week. It is quite evident that extra efforts Chicago Physicians Treated were made on both sides to gain an advantage. The soldiers of the Third brigade were sent into the outlying mining towns in this region long befort starting up time, to patrol the roads leading to the collieries. In some places the coldiers were scattered in twos and threes along streets and on street corners, but they were not compelled to rescue anyone from Prof. Lorenz Gives Physicians the strikers. The company superintendents are authority for the statement that for the past two days the mine workers have been again making house to house canvass all over the entire territory, holding the men in line, and that if it were not for this method of keeping the men from work there would have been a large increase in the number of employes at work. about the conditions in the coal fields, questions as to whether he had received any information or offers from the

other side, he said: "I won't talk about that." He said he had made no arrangements to leave the city to meet anyone. There was no news from the military end of the great struggle. General Gobin said an expert mining engineer not o his men had little work to do, He said there were several cases of violence of a minor nature reported to headquarters, but nothing of a serious na-

A MATTER OF REGRET Senator Banna's Inness May Cancel STATE NEWS NOTES

Indianapolis, Oct. 14.-The sudden illness of Senator Hanna has caused expression of much regret among his Incidents and Accidents and friends here, and he has a host of friends regardless of politics. At the Republican state committee rooms fears are expressed that he will not be able to fill his dates here next Thursday and Friday, but no definite information to that effect has been received. The itinerary possibly will be changed some, as the senator was originally booked for twenty-four speeches in two days, making necessary a journey of several hundred miles. This would be a hard trip for a strong man, so it is the belief at the committee headquarters that there will have to Revelations Concerning Operations be changes. The senator is a willing worker, but he has not the strength for such difficult campaigning. It is known that he hesitated a long time about accepting the invitation to speak on account of his health. The matter of his itinerary may not be definitely settled for three or four days. The officials of the committee are hopeful that it will not be necessary to omit any places where it has been announce ed that the train will stop. Word has reached the headquarters that extensive arrangements have been made along the route selected for the reception of Senator Hanna and his party.

There was a general resumption of ies today. A few have been operating for some time, but this was the date for the three combines to start. The starting of these factories means employment to nearly 20,000 men and boys. Indiana at present ranks first in the production of window glass because of the large number of factories started after natural gas was dicovered, but with the failure of gas some other state will probably take the lead. Most glass factories are built in cheap frame structures, so it is not a serious matter with whem to move. This will be the first year that blowing glass by machines will be given a practical test. If the tests are successful it will mean a revolution of the indus-

Table Companions

Are important. The man who eats alone loses half his pleasure, and much of the benefit of his meal.

Your doctor will tell you that pleasant companionship is almost as essential as food.

We cannot always have with us our most congenial friends, but there is one table companion we need never be without.

We mean a cup of good tea. A good pure tea is synonymous with Chase & Sanborn's package teas.

These teas, because they are pure, are a real help to every one.

Tea is a healthful tonic when it is pure. Tea to be beneficial must have quality; low grade teas do not possess to any degree the tonic effect.

Because Chase & Sanborn's teas are sold only in half-pound and pound air tight, leaded forms, one may be sure they are fresh and of full strength.

The name of Chase & Sanborn on the package is sufficient guarantee that the leaf is the best that can be selected.

The Kohinoor, Orloff and Orange Pekoe are special brands, adopted to meet the requirements of individual tastes. They make an irresistible trio.

One pound makes over 200 cups.

Chase & Sanborn's Teas. Can be had only at the Model Grocery

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

teenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid trou-

bles and Bright's Disease, which is the wors | trot? form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper

who have not already tried it, may have a

sample bottle sent free by mail, also a book

telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and Home of Swamp-Rook

dollar sizes are sold by all good druggists. ABSOLUTE FAITH.

A SERPENT'S APPETITE.

His Meal of a Rubber Boot Was a Disastrous One.

From a gentlemaa who was at one time a resident of Brazil comes a remarkable story about a snake that he encountered in the woods one day which followed him with much persist-"Sitting on a stump, I became aware

of the approach of a huge snake," writes this gentleman. "He must have a hurry. Nature won't be hurried. If schoolgirl whose braids were so short been fifteen feet in length. There was you try to hurry her or overdrive her she no doubt the snake was about to at-"Without hesitating for a moment !

discharged my two barrels. For a short What has become of the old fash- time the reptile raged furiously, and I foned man who, according to the neigh- climbed a nearby tree. I had hardly bors, could lie as fast as a horse could reached the first boughs when I saw the snake approaching the tree, and it

a soldier overcoat, with a buffalo lap and higher came the serpent. My heavy rubber boots were a great drawback to my elimbing, so I tried to get rid of loned woman who used to say that a them. I took one off and dropped it, little bird came and told her when and just as I had the second in my asked where she heard a piece of gos hand the snake reached me, and I, in my desperation, tried to shield myself with the rubber boot. "Then the snake made a dash and,

As a change from the tomato sauce getting hold of the boot, turned and de usually served with breaded lamb scended the tree. I was saved, but I chops try an onion sauce made in this had not the courage to leave the tree way: Slice two or, if very small, three before my friends arrived. I told them onions and cook them in water for a of the adventure I had and rode home few moments and drain. Put them in minus one robber boot. Of his snake

add a little salt and cook until tender. "A few weeks later on another hand Cook together two tablespoonfuls each ing trip we found in the road a big of flour and butter and when perfectly deed snake, terribly swollen. We cut it smooth add one-half pint of stock, open and found, to our astonishment, three or four tablespoonfuls of cream my rubber boot not in the least in-

POOR ECONOMY.

Saving Time and Losing Health.

The man who ate his breakfast over night to save time in the morning was not a whit more foolish than is the man who eats his lunch at his desk while he works "to save time," or because he's in balks. Eat regularly and reasonably, and she provides the juices necessary for digestion. Try to work and eat at the same time and she refuses to provide the needed juices for digestion, without which the food which should sustain life becomes an injury to the health it should

Even the people who take time to go to lunch carry their business with them, as a rule, and are satisfied to shovel into the stomach in ten minutes food which requires two or three hours for digestion.

Discovery. This medicine cures forty-nine out of fifty people who try it faith-fully and fairly. There is only one chance in fifty that it won't completely cure you. There is no chance in the world that it will not benefit you. "Golden Medical Discovery" always helps, and almost always cures. But it needs perseverance to overcome conditions which have taken years to produce. The case of Rev. W. H. Patterson given above is a good illustration of the need of persistence. The first bottle or two didn't help him, the medicine even made him feel worse and he stopped its use just at the critical time. Despair drove him back to it, and he bought half a dozen bottles of the "Discovery"enough for a fair trial - and he was cured. It's a wise thing to buy enough medicine at the start to insure its persistent use. But where there is one person who uses two or three bottles of "Golden Medical Discovery" without appreciable benefit there

THE QUICK WAY TO BE CURED

of stomach "trouble" is to begin at once

the use of Dr. Pierce's Golden Medical

are a hundred who write, "I felt better after the first few doses of the medicine and continued to improve until I was completely cured."

" I had been sick for two years with indigestion and nervous debility, and had taken medicine from my family doctor for a long time without much benefit," writes Mrs. W. H. Peebles, of Lucknow, S. Car. "Was induced by my husband to consult Dr. Pierce, by letter. You advised me to take 'Golden Medical Discovery' and 'Favorite Prescription,' which I did, and, to my great surprise, after taking six bottles I was cured. My husband has not paid one cent in doctors bills for me since. I took the medicine nearly

two years ago."

GENERAL DEBILITY is a very common and natural result of dyspepsia or stomach "trouble." When the stomach and digestive and nutritive tracts are diseased, the food eaten is not assimilated, as a result the body loses nutrition and this loss of nutrition is marked in the wasting of flesh and loss of strength.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, so that the strength is restored by the only means known to nature-by the nutrition derived from food. The whole body feels and shows the change. The lost flesh is regained the lost strength recovered, and there is new vitality and vigor.

"I was taken sick two years ago," writes Rev. W. H. Patterson, of White Cloud, Ala., "with what the doctors Sick men or women are invited to consult Dr. Pierce, by letter, free, and so obtain the opinion of a specialist of long experience and great success in the treat ment and cure of disease. This offer of free consultation by letter is speciali urged upon the attention of those suffer ing from chronic forms of disease, an who have failed to find a cure by the use of other means. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce

A NATIONAL PERIL

If it be true (and it is) that no man is

Unchecked and uncured it menaces the

strength of a nation which is made up

of units, a large percentage of whom are dyspeptics and therefore weak.

Fortunately the dyspeptic does not need to remain a dyspeptic. Dr. Pierce's Golden Medical Discovery cures dyspeptional descriptions.

sia and other forms of stomach trouble

perfectly and permanently. It enables the building up of the body in the only

way possible, by the assimilation of nutri-

tion derived from perfectly digested food.

thought was gastric trouble, indigestion

or nervous dyspepsia, also consumption

and inactive liver. I was in a dreadful

condition. Tried several different doctors, with but little result. Finally, about

a year ago, I wrote you, stating my condition. You replied, diagnosing my

case, and recommending Dr. Pierce's

Golden Medical Discovery, 'Favorite Prescription' and 'Pellets.' I bought

stronger than his stomach, dyspepsia,

the national disease, is a national danger

coming a nation of "dyspeptics."
